Plant-based chicken substitute available.⁶

Vegetarian

Gluten-Friendly

1. Contains egg. 2. Contains fish. 3. Contains milk. 4. Contains peanuts. 5. Contains shellfish. 6. Contains soy. 7. Contains tree nuts. 8. Contains wheat. 9. Contains caffeine. Nutritional information for these items includes supplement values. Consult a physician before starting any supplemental program, especially if you're pregnant, nursing, or taking medications. These products are not recommended for children.

Ingredients or production methods used by our suppliers may change, or there may be product differences among regional suppliers. Additionally, normal kitchen operations involve shared cooking and preparation areas, or we may need to substitute ingredients in menu items. We are therefore unable to guarantee that any menu item is free from gluten or any other allergen. Please inform us of any food allergies before placing your order. A 2,000-calorie daily diet is used as the basis for general nutrition advice; however, individual calorie needs may vary for adults and children and for varying age, gender, and fitness level. Tropical Smoothie Cafe defines a vegetarian diet as one that excludes animal meats like poultry, beef, and other animals but may include eggs, dairy, fish, honey, and foods with animal by-products. Additionally, normal kitchen operations and vendor production methods may present cross-contact opportunities for otherwise vegetarian ingredients.

The nutritional information seen here was prepared by MenuTrinfo[®], LLC and is based on standard serving sizes and product formulations prepared with approved ingredients. The nutritional data presented are based on representative values from the USDA Nutrient Database for Standard Reference and information from product manufacturers. Variation may occur due to the handcrafted nature of our menu items or due to seasonal influences and/or sources of supply of our ingredients. Additionally, formulations may change on occasion, or the substitution of ingredients or suppliers may be necessary that will alter the nutritional values. 2,000 calories a day is used for general nutrition advice, but calorie needs vary. Please know that we practice caution and proper procedures when preparing gluten-free items; however, gluten is present in all of our kitchens. All ingredients have been verified as gluten-free by third-party consultant MenuTrinfo[®], LLC, but our products can change at any time, and the products listed might not always be the products served. Tropical Smoothie Cafe cannot be held responsible for ingredient substitutions made by our manufacturers. In consuming our gluten-free items, be aware that there still may be a chance of cross-contact, so we cannot guarantee these products for those with celiac disease or food allergies. Guests are advised to consider this information as it relates to their individual dietary needs and requirements. Menu items designated as "Vegetarian" are meant to be used as a guideline. Ingredients are changed and/or substituted, and while we make best efforts to review on an ongoing basis, items listed may not always necessarily be items served. Always consult with the Manager before ordering. Sourcing of ingredients was verified at the time this list was created, but Tropical Smoothie Cafe is not responsible for ingredient substitutions by our manufacturers. Products can vary by location, so check with your local store for any specific ingredient questions.

At Tropical Smoothie Cafe, we care about serving great-tasting food and smoothies that also have the right balance of health and nutrition. Please refer to the charts below to choose the items that are right for you.

1. Contains egg. 2. Contains fish. 3. Contains milk. 4. Contains peanuts. 5. Contains shellfish. 6. Contains soy. 7. Contains tree nuts. 8. Contains wheat. 9. Contains caffeine. 10. Contains supplements. Nutritional information for these items includes supplement values. Consult a physician before starting any supplemental program, especially if you're pregnant, nursing, or taking medications. These products are not recommended for children.

All smoothies are 24 oz. and made with turbinado sugar unless otherwise requested, with the exception of the Triple Berry Oat, which is made with Splenda, and the Detox Island Green, which contains only natural sugars present in whole fruits and vegetables. Splenda can be substituted for turbinado sugar, but all smoothies will contain sugar derived from fruit and other ingredients and are not sugar-free. Coconut, cranberry, kiwi, lime, pomegranate, and orange juice flavors are from concentrate. Nutritional information is based on the calculation when using the correct portioning of Tropical Smoothie Cafe's standard recipes. Because our smoothies can be customized, exact information may vary. For any additional information, please call (770) 821-1900.

Ingredients or production methods used by our suppliers may change, or there may be product differences among regional suppliers. Additionally, normal kitchen operations involve shared cooking and preparation areas, or we may need to substitute ingredients in menu items. **We are therefore unable to guarantee that any menu item is free from gluten or any other allergen.** Please inform us of any food allergies before placing your order.
